

## KAPITAN CONTINUOUS METAL ROOF TILE

**KAPITAN** is a stylish solution for metal tile roofing by incorporating the same weatherproof principle used in long length sheeting. **KAPITAN** is made from light gauge high tensile steel giving a light, strong and rigid profile. It is manufactured by continuously roll forming pre-finished steel coil giving an economical quality product.

### ADVANTAGES

#### COST SAVINGS

KAPITAN is produced in three thickness so you can choose the one that suits your needs at least material cost. Fixing is by far the simplest pierce fastening method to steel or timber batten.

#### PROTECTION

Colourstrong, PVF<sup>2</sup> and Galvalume coated steel provide the best protection from the enviroment and gives long to any building.

#### COVERAGE

KAPITAN has an effective coverage of 790mm when laps of one rib are used.

#### ROOF PITCH

Recommended minimum roof pitch is 8° (1 in 7).

#### LENGTHS

KAPITAN can be factory rolled and cut to any customer specified length. Length is only restricted by transport limitations.

#### SUPPORT RECOMMENDATIONS MAXIMUM SUPPORT SPACINGS (NON CYCLONIC)

Area	: Non-cyclonic
Max. Building Height	: 5m
Wind Velocity	: 50m/s
Internal Pressure Coefficient	: +/- 0.2
Terrain Category	: 3

Eaves and ridge first two space = 300mm  
Midspns=600 mm
